IN THE HEADLIGHTS

Our April sponsor is Toromont Industries. A national company with a diversified range of products and services. We will be introduced to TOROMONT REMAN the engine and power train remanufacturing division. They will bring us up to date on the changes to emission standards, warranty issues and product upgrades.

IN THE TAIL LIGHTS

March's Meeting was sponsored by Scott Deslippe an independent distributor of Pro-Ma Performance Products

a world wide company that markets a line of emissions additives for gasoline & diesel fuel, engine oil and chassis penetrants and lubricants. Scott showed all in attendance with a hands on friction demonstration with volunteer members the unique lubricating qualities of his products compared to other products in the market place. Many members were seen sitting up and paying attention. Scott will gladly repeat the demonstration at your place of business. For more information contact Scott at 519-796-5919

or visit his web site www.pro-masystems.com/scottdeslippe

Mike Marchese also gave us a power point presentation for the C.F.M.S. & encouraged all new comers and veterans to check out this revamped event.
