Hamilton & District Branch May Newsletter & Meeting Notice

WWW.HAMILTON-ATSSA.ORG

Date: Monday May 14, 2007.

Time: 6:00pm Social Meeting

Place: Renaissance Banquet Centre

2289 Barton Street East, Hamilton, ON., Canada L8E 2W8.

Phone: (905) 560-2500

IN THE HEADLIGHTS

Don't miss this meeting!

May's Meeting is being sponsored by **HALDEX**

They will introduce the **Haldex T.R.S. (Trailer Roll Stability)** and the **Haldex S.A.B.A. (Self-setting Automatic Brake Adjuster)**

A very exciting presentation and timely topics about the latest in Transportation safety. This is the last regular meeting before the summer break so make sure you *come out and bring a guest.*

Hamilton Branch 2007 All Branch June 1st Golf Tournament

Now we need hole sponsorships and door prizes!

This is a great event to promote your company in the local transportation industry & support your Hamilton ATSSA.

If you would like to contribute please contact Dave Cook or any of the executive listed on the back of this newsletter.

See you at Flamboro Hills Golf Course June 1st.

IN THE TAIL LIGHTS

April's Meeting was Sponsored by **KROWN Rust Control**. They showed us their Fleet Body Maintenance program. A corrosion and rust prevention process that assists in lowering maintenance costs and prolonging the life of capital fleet equipment by protecting everything from the frame and undercarriage to the very expensive electrical components found on all vehicles on the road today. The presentation was very informative with many real life examples in commercial trucking, military, agricultural, construction, personal & recreational applications. Check it out! WWW.KROWN.COM

Special thanks to KROWN for filling in at the last minute!

WE NEED TO PARTICIPATE IN THIS PROGRAM!!!!!!!

The Chevron Technician Award program is a recognition and reward program designed to acknowledge outstanding technicians and registered apprentices. We believe that recognizing the best technicians is important to their career growth, self-esteem and well-being. It sends a positive message to new and prospective technicians while continually rewarding a job well done.

As the employer of the "Diesel Technician of the Month" your company will receive \$800.00 toward the school training for either veteran or newly hired employees. For more information check out the link at our web site or see any of the executive.

**THIS
MONTH**

44th Annual Canadian Fleet Maintenance Seminar May 27th to 30th

The Event of the Year is fast approaching don't miss out !

Each year we endeavour to assist the Trucking Industry by introducing new products, addressing many maintenance issues as well as hands on training for our many delegates. In 2007, we are taking a giant step in further broadening our horizons and bringing a wider scope to our already successful program. We are teaming up with the T.M.C. or Truck Maintenance Council, who celebrated their 50th anniversary this year. The T.M.C. is an offshoot of the American Trucking Association based in Alexandria, Virginia in the U.S. We have a lot in common with the T.M.C. and this will allow our delegates to increase their knowledge of the Trucking Industry south of the border and in turn, we can do the same for them here in Canada. The T.M.C. continues to run a highly successful conference in the U.S.A., Mexico and United Kingdom. This group has also been producing the widely used Policy and Procedures Manuals since 1973. We are hoping for a long and bright future with the T.M.C. and know that the increased knowledge they bring to our organization and delegates will be a valuable asset to all. Be sure to check out our website, www.cfmsonline.com

Welcome New Members!

**Paul Bennett - Dufferin Concrete
Gordon Korek - Krown Rust Control
Steve Glanville - Kenworth Hamilton**

Health & Welfare
