IN THE HEADLIGHTS

October's Meeting is Sponsored by

The Slotegraaf Group & Mack Canada

Steven De Sousa Power Train Sales Manager for Mack Canada,

will be discussing the newly introduced **Mack MP7 & Mp8**

Engine Series for 2007 EPA Certified Engines.

Other guests on hand will include representatives from

B&C Auto, the newest parts & service dealer in Niagara.

50th Annual Ladies' Night

Dinner & Dance

Saturday November 17th, 2007.

At the Renaissance Banquet Centre

With Musical talents of **Aden and the Tourists.**

Tickets now on Sale!

This is a great way to throw a staff Christmas party!!!

IN THE TAIL LIGHTS

September's Meeting was sponsored by

Archer's St.Catharine's & Altruck International

Dan Webster & Ron Schoon travelled up from the USA to educate

us on the use of aerodynamics and wind tunnels in the design of

International's new ProStar Series long hauler. The science

behind the vehicle designs and their effect on fuel economy was a

very interesting presentation. The static truck display at the front

of the hall of the new ProStar and MXT I am sure sparked the

interest in more than a few attendees.

3rd annual Toy Drive will be held at October's meeting for Jimmy Lomax's OPERATION SANTA CLAUS. A successful Hamilton charity since 1958. There will be a table set up to leave the gifts inside the door and will be collected and dropped off.

Due to the sudden change in our executive, we might not be working with the most up to date membership list. Please let me know if there is any errors or omissions to be corrected as soon as possible. Feedback is always welcome!

50th Annual Hamilton ATSSA Ladies Night 2008. Saturday November 17th. The menu has been set and the entertainment has been booked. Now we need you our membership to help us out. We want to make this the best Dinner & Dance so far. We are asking for all members to consider attending and bringing guests. As always we are asking for gift donations for the ladies and special sponsors to purchase \$100 spots on our banners.

The Chevron Technician Award Program is a recognition and reward program designed to acknowledge outstanding technicians and registered apprentices. We believe that recognizing the best technicians is important to their career growth, self-esteem and well-being. It sends a positive message to new and prospective technicians while continually rewarding a job well done.

As the employer of the "Diesel Technician of the Month" your company will receive \$800.00 toward the school training for either veteran or newly hired employees. The amount increases to \$2000.00 for the "Diesel Technician of the Year". For more information check out the link at our web site or see any of the executive.

Health & Welfare

We like to keep an eye on our membership! If you hear of any member of the ATSSA who is sick or in need of help please call Frank Spong at (905) 545-9863

The passing of 25 year Hamilton ATS life member John Dieryck.

It is with great sadness that the Dieryck family announced the passing of their husband, father and grandfather on September 5, 2007. He passed away peacefully, in his 75th year, surrounded by his loving family. In John's memory, donations to the Juravinski Cancer Centre or McMaster University Medical Centre would be appreciated.
